

CQ BESTPRAC GROUP AND CHRRUP

ROTATIONAL

GRAZING

The day will be hosted by Graeme and Susan McDonald and run by Mick Alexander (Grazing BestPrac) and CHRRUP (Central Highlands). The McDonalds have successfully rotated large mobs through small paddocks for more than 10 years. This will be the perfect opportunity to assess the management techniques involved in a large rotational grazing enterprise. The focus will be to learn from Graeme how to manage in good and bad times. We will inspect paddocks being managed in various rotations to better understand how you could utilise the same ideas.

Rotational Grazing

Field Day

“ALBENI”

SPRINGSURE

25TH NOVEMBER

(Catering - \$20/ person)
